DESCRIPTION:

In a prestigious and sought-after hillside location, just a few steps from the lake and public facilities, in a quiet residential area, exclusive and important detached villa with modern design in planning, with terraces and a beautiful view of the lake and the green surroundings. The villa will be spread over three levels connected by an attractive modern staircase and a convenient lift, with spacious indoor and outdoor areas. On the ground floor of the house is the sleeping area, consisting of two spacious bedrooms, a bathroom with shower and a large master bedroom with en-suite bathroom and walk-in wardrobe, which offers a beautiful view of the private pool. On the upper floor, a large, bright living area is planned, with an open-plan kitchen that has access to a terrace overlooking the pool, a practical guest bathroom and a spacious, bright living room with access to the large terrace and, thanks to the large windows, views of the lake. The basement completes the villa with a comfortable open-plan space that can be converted as required, a technical room, a large laundry room and finally a large garage that can accommodate up to three cars. The project, which has been thought out down to the last detail, includes the construction of a magnificent swimming pool in a beautiful garden with plants and an automatic irrigation system. A prestigious home characterised by modern, minimalist architecture and state-of-the-art construction techniques that guarantee great environmental awareness, a high energy rating, an earthquake-proof structure and first-class finishes. Extensive customisation options in terms of both finishes and interior fittings. For further details, plans and information as well as a possible site visit, please do not hesitate to contact us.
